

## PRESIDENT WILSON SENDS MEXICAN ULTIMATUM DEMANDING PRESIDENT HUERTA'S IMMEDIATE RESIGNATION

Dictator Is Told He Must  
Not Leave as Successor  
or Any of His Followers

MRS. HENNING DENIES  
SHE EVER KNEW FUNK

ARISES FROM SICK BED TO TESTIFY  
IN TRIAL OF DONAHUE AND STEIFEL

She Is Followed on Stand by Her  
Husband Who Claims Donahue In-  
duced Him to Bring Suit Against  
Funk Promising That Nothing  
Would Come of It and That He  
Would Be Well Taken Care Of.

NOTE IS SENT TO ALL POWERS

MEXICO CITY, Nov. 3.—Presi-  
dent Huerta has been told he must  
resign the presidency of Mexico with-  
out loss of time and that he must  
not leave as his successor General  
Aureliano Blanquet, his minister of  
war, or any other member of his  
official family or of the unofficial  
group of followers.

This ultimatum from Washington  
was conveyed to President Huerta  
through his private secretary, Sena-  
tor Rabago, by Nelson O'Shaugh-  
nessy, the American chargé d'affaires  
acting under instructions from the  
state department.

Senator Rabago presented the ul-  
timatum to his chief late Sunday but  
up to late this evening President  
Huerta had returned no answer and  
as far as could be learned had guard-  
ed its contents from all his official  
and intimate counselors. Those  
who learned of the Washington note  
regarding Huerta's position as one  
in which he will be forced to give  
one of two answers—refusal point  
blank to comply with the demand,  
possibly going so far as to hand the  
diplomatic representative his pas-  
ports or the elimination of himself  
officially.

Will Not Submit to Rebels.  
Those most intimate with the  
president insist that the latter course  
will not be taken for many reasons,  
chief among which is that such ac-  
tion would be tantamount to sub-  
mission to the rebels. Official Mexi-  
co is no longer in doubt that the  
Washington administration favors  
the rebel cause and is convinced that  
this is the means adopted by Presi-  
dent Wilson and Secretary Bryan to  
assist Carranza to win.

Summons Diplomatic Corps.  
General Huerta summoned to the  
national palace tonight the diplo-  
matic corps but for what purpose  
was not revealed. Three of the min-  
isters, those of Germany, Norway  
and Russia were absent. They have  
been in Vera Cruz, where they were  
in conference with President Wil-  
son's representative, John Lind, who  
is understood to be fully conversant  
with the latest representations from  
Washington.

Makes No Comment.  
Washington, Nov. 3.—The Asso-  
ciated Press dispatch from Mexico  
City was read to Secretary Bryan  
over the telephone shortly after mid-  
night. He manifested much interest  
but said he would make no official  
comment.

All evening the secretary had been  
expecting new developments and  
prepared to stay up late to receive  
despatches. The night operator in  
the telegraph room of the state de-  
partment who usually leaves the key  
at midnight was ordered to work  
through the night.

Copies to All Governments.  
It was reported in diplomatic circles  
here tonight that copies of the  
ultimatum had been transmitted to  
all foreign governments by the  
United States in line with the policy  
of keeping them informed of every  
step taken in the Mexican situation.  
The ultimatum was regarded by offi-  
cial Washington as the first step in  
the American program for which the  
United States had asked all nations  
to wait.

All efforts to learn from adminis-  
tration officials what alternative  
course had been mapped out by them  
should Huerta refuse to accede to  
the American demand were futile.  
Elsewhere there was no information  
forthcoming as to whether Huerta  
had been told what the intentions of  
the United States were should he  
decline to answer.

## DEPUTY SHERIFF IS KILLED AND A DETECTIVE BADLY WOUNDED BY NEGRO NEAR SPRINGFIELD

SPRINGFIELD, Ill., Nov. 3.—  
Jack Martin, a special deputy sheriff  
was slain tonight and J. B. Bird, a  
detective for the McKinley Inter-  
urban company was badly wounded,  
when they were fired upon by an  
unknown negro, while the officers  
were returning from a coal mine  
north of town with a negro pris-  
oner.

Martin and Bird were walking  
along the road with their prisoner  
when another negro rode up on  
horseback and opened fire. At first  
shot Martin fell with a bullet  
through his brain. Before Bird  
could defend himself a bullet from  
the negro's gun crashed through his  
left leg.

CHICAGO, Nov. 3.—Mrs. Jose-  
phine Henning arose from a sick bed  
today again to deny that she ever  
knew Clarence S. Funk, former gen-  
eral manager of the International  
Harvester company and that she  
never even seen him until about ten  
days ago in court. In her cross-  
examination in the trial of Attorney  
Donahue and Isaac Steifel for con-  
spiracy to defame Mr. Funk, she was  
not spared because of her weak-  
ened condition. Counsel for the de-  
fense endeavored to get her to ad-  
mit that she had told Attorney Don-  
ahue that Mr. Funk had taken her  
riding and that she had gone to ho-  
tels with him. She repeatedly de-  
nied she ever had told anybody that  
she had gone anywhere with Mr.  
Funk. So weakened was she at the  
close of the cross-examination that  
the state's attorney, fearing she  
might collapse a second time asked  
her but one question. It was of no  
importance. Mrs. Henning was fol-  
lowed on the stand by her husband,  
who asserted he was induced to bring  
suit charging Mr. Funk with alienat-  
ing his wife's affections, on Donahue's  
promise that nothing would  
ever come of it and that he would  
be well taken care of. Three days  
after he signed the paper, according  
to Henning, Donahue urged him to  
leave town. Henning said Donahue  
agreed to take care of the lease on  
their flat and bought a ticket to Mo-  
bile for him and gave him \$200.  
Three or four days later he was joined  
by his wife.

WITH THE SICK.  
Clarence S. Ratcliffe of Grinnell,  
Iowa, son of Mrs. Hannah Ratcliffe,  
who resides on North Main street,  
was taken to Dr. Day's hospital Sun-  
day where he will undergo an opera-  
tion for appendicitis.  
Mrs. George McQuinn of Orleans  
was in the city yesterday, the guest  
of Dr. and Mrs. George H. Sanford  
on West College street. She was ac-  
companied by her son.  
Miss Agnes Coffey of Wolcott  
street is confined to her home by  
sickness.  
H. M. Pratt who has been ill for  
the past week, was able to be down-  
town Monday. Mr. Pratt celebrated  
his 80th birthday October 26.  
Howard Hanks visited his wife  
yesterday, who is a patient at Passa-  
vant hospital.  
Miss Lillian Farrow who has been  
a patient at Passavant hospital was  
able to return to her home on East  
College street yesterday.  
P. J. Butler of South Church  
street, one of the most highly re-  
spected citizens of Jacksonville, is in  
a critical condition at Our Savior's  
hospital. He underwent a very seri-  
ous operation there for the removal  
of an intestinal obstruction. His  
son, Dr. T. E. Butler of St. Louis,  
was present and assisted with the  
operation. Mrs. Butler's sister, liv-  
ing in Chicago, and other relatives,  
have been sent for.

ARTISTS' COURSE  
ANNOUNCEMENT.  
Owing to missing train connec-  
tions at Galesburg, Cornelius Van  
Vleet was unable to appear in con-  
cert last night at the Woman's col-  
lege. The concert will be given this  
evening at 8:30 o'clock. This will  
give ample opportunity to those who  
wish to hear the bird lecture at the  
public library to attend both enter-  
tainments.

GIVEN THIRD DEGREE.  
At a meeting of the Odd Fellows  
lodge of Murrayville, held last night,  
the third degree was given. Frank  
Carman of Manchester. The mem-  
bers indulged in a banquet and sev-  
eral speeches were made.

## POLITICAN WANTED BY WHITMAN DISAPPEARS

EUGENE D. WOOD CANNOT BE FOUND  
BY SUBPOENA SERVERS

Prosecutor Calls W. W. McLaughlin,  
Jr., Who Corroborates Hennessy's  
Accusations That McCall Had  
Borrowed Money From Police In-  
spector McLaughlin in 1902 to  
Pay for His Nomination.

NEW YORK, Nov. 3.—On the eve  
of New York's mayoralty election  
Eugene D. Wood, the lobbyist and  
politician wanted by District Attor-  
ney Whitman to testify today at the  
"John Doe" inquiry into the charges  
of John A. Hennessy against Tam-  
many Hall could not be found by  
subpoena servers. Wood is the man  
whom Hennessy, former Governor  
Sulzer's graft investigator said gave  
him the information that Edward E.  
McCall, Tammany's candidate for  
mayor had borrowed money from  
former police Inspector W. W. Mc-  
Laughlin to pay for his nomination  
as supreme court justice in 1902.

District Attorney Whitman an-  
nounced at today's hearing that  
Wood left town Saturday the day  
after Hennessy testified and that his  
subpoena servers had been unable to  
find trace of him since. In his stead  
the prosecutor called the police in-  
spector's son, W. W. McLaughlin,  
Jr., who recently corroborated Hen-  
nessy's accusations by swearing, in an  
affidavit published in a New York  
newspaper that he had seen a photo-  
graph of a check for \$21,000 which  
he said McCall had given his father  
in payment of the alleged loan.

McLaughlin was closely ques-  
tioned by the district attorney and re-  
iterated that he had heard his father  
and mother discuss the debt and  
that he had heard his father say he  
had loaned the money to Judge Mc-  
Call to pay for his nomination.

SOME QUEER POTATOES.

In L. P. Alcotts window are some  
queer freaks in the shape of potatoes  
raised by Guthrie Patterson, the vet-  
eran school teacher. They are Early  
Rose variety and of ordinary  
size while from one grow eleven  
smaller potatoes all connected and  
from another ten. They were seen  
with much curiosity by many yester-  
day.

LOST VALUABLE MARE.

William Nunes lost a valuable  
mare Sunday. He found the animal  
with an eight inch cut in its side,  
and indications that someone  
inflicted the wound.

## ANNOUNCE PROPOSED MERGER OF THE ILLINOIS TRACTION SYSTEM AND WESTERN RAILWAY CO

ST. LOUIS, Nov. 3.—The proposed  
merger of the Illinois Traction Sys-  
tem and the Western Railways and  
Light company, both public utilities  
corporations operating chiefly in Illi-  
nois, was announced here tonight  
by the board of directors of the Illi-  
nois Traction System. Plans for the  
consolidation are well defined in the  
directors' statement but no mention  
is made of the date of their execu-  
tion.

The proposed merger is to be ac-  
complished through the purchase of  
the common stock of the Western  
Railways and Light company by is-  
suing one share of Illinois Traction  
System common stock in exchange  
for two shares of Western Railways  
and Light common stock.

Under Same Management.  
The two companies have practi-  
cally identical management and  
shareholders. Consolidation, it is an-  
nounced, will be effected primarily  
for the sake of economy. State-  
ments of the two companies for the  
year ending December 31st, 1912,

show gross earnings of \$7,415,647,  
by the Illinois Traction System and  
\$2,294,830 by the Western Railways  
and Light Co.

Affiliated Companies.

Some of the affiliated companies  
are: Jefferson City Light, Heat and  
Power company, Marseilles Water  
and Light company, Mount City  
Light and Water company; North-  
western Illinois and Traction company;  
Quincy Railway company and the  
Wichita railway and Light com-  
pany.

The amount of common stock is-  
sued by the Illinois Traction is \$8,-  
984,900 and by the Western Rail-  
ways and Light \$4,521,800.

The directors' statement declares  
it will be necessary to increase the  
authorized amount of common stock  
of the Illinois Traction System as  
all but \$15,100 of the present author-  
ization is outstanding.

A meeting of the stockholders to  
vote on the authorization is to be  
held in the near future.

GROUND BROKEN FOR  
EIGHTH GRADE BUILDING.

Work Actually Begun For Structure  
on Lot Adjoining High School.

Ground was broken yesterday  
morning by Contractor Wolke for  
the new eighth grade school building  
though no notice was given of the  
event there were few present and  
nothing formal took place.  
Member Bavington was present,  
also sub-contractor Jack DeCastro, J.  
W. Woods and one or two others.  
Rev. Walter E. Spooner saw what  
was to be done so he went over and  
asked for the pleasure and honor of  
casting the first shovelful of earth  
and of making the first entrance of  
the shovel into the ground and it  
was readily granted him. He grasped  
the shovel as if to the manner  
born and soon had the dirt mov-  
ing in good shape. A pressure of  
previous engagements prevented the  
reverend gentleman from accepting  
an offer to do all the digging as he  
showed himself such an expert with  
the shovel whereas it had been sup-  
posed his knowledge was confined to  
other subjects.

Mrs. Estella Rothwell and sons  
Clark and Morris of this city attend-  
ed a reception Sunday given at Win-  
chester by Jesse Wilson, in honor of  
his son and wife Mr. and Mrs. Clifford  
Wilson who were married here Sat-  
urday evening.

WABASH "FLYER" LATE.  
The Wabash east bound "Flyer"  
which is due in this city at 1:36  
a. m., was five hour late Monday  
morning on account of a wreck in  
Missouri.

## CONSIDER PLAN TO INSURE EARLY ACTION

Democratic Senators Discuss  
Possibility of Contract for Har-  
monious Action on Currency Bill

RESUME DEBATE TOMORROW

Senate Banking and Currency Committee  
Will Resume Consideration of the Ad-  
ministrative Currency Bill Tomorrow

WASHINGTON, Nov. 3.—There  
was lively speculation among sena-  
tors generally today as to what  
would occur when the senate com-  
mittee resumed consideration of the  
administrative currency bill on  
Wednesday.

The freedom which Democratic  
senators discussed the possibility of  
a contract to insure harmonious and  
early action led to the belief that  
such a plan might yet be adopted by  
the administration supporters in or-  
der to prevent radical changes in the  
bill by the committee.

Chairman Owen said after a con-  
ference at the white house that a  
report would be forthcoming in a  
few days. Senators Thomas and  
Overman also discussed the currency  
situation with the president.

"Wait until Wednesday," remark-  
ed Senator Overman as he left the  
executive offices. The president is  
awaiting tomorrow's elections in  
New Jersey, Massachusetts and  
Maryland and it is said that if they  
result in Democratic victories he  
will feel stimulated to urge with  
renewed vigor early action on the  
house bill.

The president made it plain today  
that he would stand by the bill as  
it passed the house and would not  
consent to any changes in funda-  
mentals.

Withdraws Resolution.  
By unanimous consent the senate  
today allowed Senator Hoke Smith  
to withdraw a pending joint resolu-  
tion to restore Cassius Gillette to  
the army with the rank of lieutenant  
colonel. Gillette, a resigned army  
officer, is said to have been active  
in Mexico City in opposing the poli-  
cies of the United States.

## MASSACHUSETTS SOLVES FOREIGN TAX PROBLEM OF FARM MACHINERY

SUPREME COURT SUSTAINS FOREIGN  
CORPORATION TAX LAW OF 1909

Massachusetts Law Provides That  
Every Foreign Corporation Shall  
Pay an Excise Tax of One Fiftieth  
of One Per Cent of Its Authorized  
Stock—Decision Marks Epoch in  
State Taxation.

WASHINGTON, Nov. 3.—After  
years of vain endeavor by estate au-  
thorities to tax foreign corporations  
doing business within their borders,  
Massachusetts has solved to the  
problem. The supreme court today  
sustained as constitutional the Mas-  
sachusetts foreign corporation tax  
law of 1909, Chief Justice White,  
and Justices Vandewater and Pitney  
dissenting.

The decision was regarded by  
many who heard Justice Day deliver  
it as marking an epoch in state tax-  
ation.

The Massachusetts law provides  
that every foreign corporation shall  
pay annually an excise tax of one  
fiftieth of one percent of its author-  
ized stock. Justices Day, Holmes,  
McKenna, Lurton, Hughes and Lan-  
mar interpreted this to mean almost  
the same as the federal corporation  
tax law which avoided errors by  
careful phrasing. They held that  
this meant a tax on the privilege of  
doing business within the state and  
not a tax on the corporation outside  
the state. Although no dissenting  
opinion was delivered the report was  
current during the day that the dis-  
senting members of the court held  
the case to be virtually identical with  
the Western Union and Pullman  
cases from Kansas, where in a Kan-  
sas tax on foreign corporation was  
held unconstitutional a few years  
ago.

Justice Day directed much of his  
argument to this point. He said  
that the Kansas cases involved taxes  
upon capital stock representing prop-  
erty both in and out of the state,  
the law thus imposing a burden on  
inter-state commerce.  
He pointed out that the business  
of the Western Union and the Pull-  
man company was commerce, while  
in the two cases decided today the  
business of one company was mining  
and the other manufacturing only  
incidentally connected with inter-  
state commerce. He said that the  
Massachusetts law was not to be in-  
terpreted as taxing inter-state com-  
merce or as applying to foreign cor-  
poration engaged wholly in inter-  
state commerce.

SALS CHARGES WILL BE FILED.  
D. P. Roy of 134 Prospect street  
stated to the Journal yesterday that  
he will file at once with Governor  
Dunne, the state board of adminis-  
tration and state civil service com-  
mission charges against C. P. Gillett,  
superintendent of the State School  
for the Deaf. Mr. Roy's charge is  
that prior to the election last No-  
vember that after he had stated in  
the superintendent's office that he  
intended to vote for Governor  
Dunne, that Mr. Gillett threatened  
to discharge him if he so voted.  
Further Roy alleges that he was ap-  
pointed head farmer Sept. 26 by the  
state board of administration, but  
that Supt. Gillett refused to recog-  
nize him as such. Mr. Roy says that  
he was appointed to the position sub-  
ject to the approval of the state civil  
service commission but that this ap-  
proval was not granted. A new head  
farmer, from Golconda, has just been  
appointed.

MUST VOTE RAPIDLY.  
In district eight there are 579 men  
registered and 700 women. As the  
polls will be open just 600 minutes,  
Major Dalton, who has long been  
an official at that polling place, esti-  
mates that even allowing for a loss  
of 179 between the number voting  
and the number registered, that  
there must be two votes cast every  
minute.

ORATORICAL CONTEST.  
The Inter-Collegiate Oratorical  
contest will take place next Friday  
at Blackburn college, Carlinville.  
Ray Bracewell will be Illinois Col-  
lege's representative. Clarence Kim-  
mel and Gaylon Dugger will go  
down Thursday to be present at the  
business session to be held Friday  
morning.

WORLD'S HISTORY CHART.

CONFESSES SLASHING YOUNG STENOGRAPHER'S  
THROAT AS SHE BEGS ON HER KNEES FOR LIFE

DALLAS, Tex., Nov. 3.—Confes-  
sion of the murder of Miss Florence  
Brown, a stenographer who was  
killed here last July is contained in  
a statement said by the police to  
have been made by Meade Barr was  
made public tonight.

According to the alleged confes-  
sion Barr swore that the real estate  
office when the girl was alone and  
attacked her.

When Barr, according to the story  
had beaten Miss Brown with his pis-  
tol to a kneeling position, he said  
she exclaimed:  
"Lord Jesus, I am too young to  
die and my life has been filled with  
so much trouble."

He cut her throat. Sight of the  
blood on his arms and her last words,  
he said, preyed on him until he  
wanted to confess. After the kill-  
ing, he said he washed his hands  
caught a street car and rode to a  
point where an accomplice gave him  
\$100. The identity of this accom-  
plice the police have not verified.

Miss Ellis Luke, a young widow,  
with whom Barr claims acquaintance  
has been detained by the authorities  
for several days. Today it was an-  
nounced a charge of aiding and abet-  
ting Barr in the murder has been  
filed against the woman.

Denies Any Part in Killing.  
Mrs. Luke tonight denied that  
she had any part in or knowledge  
of the killing of the young woman  
and attributed Barr's attempt to  
implicate her as an endeavor to be  
revengeful for refusal to accept his  
advances. These were made she de-  
clared before the death of her hus-  
band, which occurred a month ago.  
Mrs. Luke says that at that time  
Barr threatened to "get even with  
me some day." She emphatically  
denies that she ever gave Barr a pis-  
tol or weapon of any kind.

Mrs. Luke declares that she was  
not acquainted with Miss Brown.  
Officials conducting the investiga-  
tion have made public nothing that  
would show a motive for the killing  
of the young woman.

## POLICE DO NOT GUARD CAR STRIKE BREAKERS

Candidates Charge That Partis-  
an Politics Cause Police to  
Fail In Their Duty

CHARGE AGAINST SHERIFF

Editor Charges That Sheriff Has Sum-  
moned Chiefly Republicans as Deputies for  
Purpose of Reducing Activity at Polls

MAKE NO ATTEMPT TO MOVE CARS

INDIANAPOLIS, Ind., Nov. 3.—  
The third day of the strike of em-  
ployees of the Indianapolis Traction  
and Terminal company ended tonight  
with no attempt to move the cars  
which have stood idle in the barns  
since late Friday night. Charges  
that partisan politics had caused the  
police to fail to give the traction  
company sufficient protection to run  
its cars were made by candidates for  
office at tomorrow's election which  
an effort of Sheriff Porteus to swear  
in 200 citizen deputies resulted in  
the charge being made by Leo K.  
Fessler, editor of the Marion County  
Mail, that the sheriff had summoned  
very few of his own party (Democrat)  
and that he had selected men,  
chiefly Republicans, for the purpose  
of reducing their activities at the  
polls.

Officials Are Stoned.  
Robert I. Todd, president of the  
Traction company, John J. Mahoney,  
superintendent and Martin Hyland,  
superintendent of police, were bruised  
and forced to make a run for the  
terminal station while mounted po-  
lice forced the crowds back. Todd  
and Mahoney again were attacked  
while passing the state house build-  
ing and forced to take refuge in a  
street car to escape a shower of  
bricks and stones thrown from the  
state house lawn and from the bal-  
conies of nearby buildings. The  
mounted police rushed the state  
house lawn and made it possible for  
Todd and Mahoney to reach their  
offices.

Four of the policemen assigned to  
guard the strike-breakers in bring-  
ing in the cars refused to mount the  
platforms to protect the non-union  
men. Mr. Todd declared no further  
effort would be made to touch the  
cars until assured the men would  
have ample protection.

The strike situation was further  
complicated late in the afternoon  
when a suit for the annulment and  
forfeiture of the traction company's  
franchise and the appointment of a  
receiver for the company was filed  
in the circuit court. The suit was  
filed by Attorney Albert C. Pierson,  
acting as a taxpayer and alleges that  
the company by its failure to operate  
cars for the last three days has vio-  
lated its franchise contract with the  
city. The summons in the suit was  
made returnable November 13.

Spectator Fatally Shot.  
After a day in which numerous  
minor riots were reported Thomas  
Charlton, a chauffeur, was shot and  
fatally wounded while watching a  
crowd of strike sympathizers making  
an attack on the Louisiana car  
barns where the strike-breakers are  
housed.

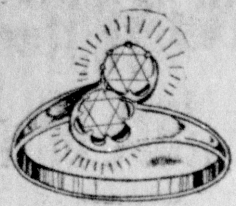

Twelve arrests were made during  
the day, most of the prisoners being  
charged with inciting to riot and  
throwing stones. The arrests were  
made from the crowd that flocked  
around the cars and threatened the  
strike-breakers.

"HUMMER" DETOURED  
VIA WABASH.  
On account of an engine derail-  
ment at Hes and a car jumping the  
track at Natrona the C. & A. Hum-  
mer, which passes through this city  
at 1:53 a. m., was detoured via the  
Wabash from this city to Springfield  
Monday morning.

KOESTNER SIGNS CONTRACT.  
Chicago, Nov. 3.—A signed con-  
tract of Pitcher Koestner of the Oak-  
land club was received by the Chi-  
cago Nationals today.

## PROPOSE MEMORIAL TO LATE DR. H. W. JOHNSTON

Committee of One Hundred Will Have Charge of Fund—Purpose is to Honor Memory of Distinguished Educator.

A worthy movement has been started to do honor to the name of Prof. Harold Whetstone Johnston, so well known in this city by a large number of friends. Several friends, former students and others, felt such an enterprise would be proper and they conferred with others, all of whom heartily indorsed the idea and accordingly a committee of one hundred was appointed to present the plan to all who might be interested and solicit funds for the purpose.

Prof. Johnston was both student and professor in this city and professor in Bloomington, Ind., in the Indiana State university. In this city he endeared himself to many by his kindly manner, free mingling with all classes, entering fully into their amusements, enterprises, joys and sorrows. He was generous hearted and ready to lend a helping hand wherever the opportunity offered. In baseball he was a man who was at one with the ones most interested in it and in all athletics he took an active part and the manner in which he conducted himself won for him a host of friends.

As an instructor he was thorough in all he did, a strict disciplinarian without being tyrannical, while as an author of text books and books on other themes he won wide fame.

It is the desire to erect some kind of a monument which will show the esteem in which he was held at both the college and the University of Indiana and which will be associated with both institutions. First naturally there would be a commemorative tablet at each institution and then if funds sufficient are received to establish a foundation bearing his name the income to be used in buying classical books, each one to be appropriately marked showing the fund by which it was bought. This is all tentative as the sum received must determine the shape the memorial will take.

The members of the committee were personal friends of Prof. Johnston and are especially well fitted to speak of his noble and generous qualities in every way and they earnestly hope that a generous response will be received from all to whom the request is presented.

Subscriptions should be sent to Prof. Frederick W. Sanford, Station, Lincoln, Neb., and he will promptly acknowledge each remittance and send a printed report containing the names of all contributors and the sums subscribed.

The following constitute the committee:

## AN ORDINANCE.

To provide for the issue of bonds of the city of Jacksonville for the construction, enlargement and extension of a municipal lighting plant.

Whereas, The electric lighting plant now owned and operated by the city of Jacksonville, for street lighting purposes, is inadequate for the service required by said city; and

Whereas, It is deemed advisable to renew, rebuild, reconstruct, enlarge and extend the building, equipment, pole line and service main of said city lighting plant, to do municipal and commercial lighting and meet the growing demands of the city; and

Whereas, The commissioner of public property of the city of Jacksonville has prepared an extension showing that the cost of the necessary improvement will be the sum of fifty thousand (\$50,000.00) dollars; and

Whereas, It will be necessary to issue bonds of the city of Jacksonville to provide the funds for the above improvement, therefore;

Be it Ordained by the City Council of the City of Jacksonville, Ill.

Section 1. That for the purpose of defraying the cost and expense of the construction, enlargement, extension and rebuilding of a municipal lighting plant of the city of Jacksonville, for municipal and commercial purposes, the said city council shall issue bonds of the city of Jacksonville (Illinois) to the amount of fifty thousand (\$50,000.00) dollars bearing interest at the rate of five per cent (5) per annum and payable semi-annually, and bearing the date of July 1, A. D. 1914. The principal of said bonds shall be redeemable and payable as follows: Twenty-five hundred (\$25,000.00) dollars on the first day of July, 1915, and on the first day of each succeeding July until all is paid.

All of said bonds to be payable in any event within twenty (20) years from July 1, 1914, both principal and interest being payable at the office of the city treasurer of the city of Jacksonville, Illinois.

Section 2. That there shall be issued one hundred (100) bonds each for five hundred (\$500.00) dollars; numbers one (1) to one hundred (100) inclusive, which shall draw interest from July 1, 1914, at the rate of five per cent (5) per annum payable semi-annually.

Section 3. That the said bonds shall be offered at public sale to the highest bidder and the manner and form and under conditions as shall be prescribed by the city council. And the city council of the city of Jacksonville shall receive sealed bids for said bonds, and the mayor and city clerk are hereby directed to give public notice thereof in at least two newspapers published in the city of Jacksonville, for at least three weeks prior to the date of such sale; said bonds shall be sold to the highest bidder for cash and shall not in any event be sold for less than par value.

Section 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Passed at a regular meeting of the city council of the city of Jacksonville, Illinois, on the 3rd day of November, A. D. 1913.

Approved Nov. 3, 1913.

George W. Davis, Mayor.

**CORNERSTONE OF ALEXANDER M. E. CHURCH TO BE LAID WEDNESDAY**

Ceremonies Will Take Place at 2 O'clock p. m.—A Brief History of the Church.

Rev. N. R. Johnson announced to the congregation of the Alexander Methodist Episcopal church Sunday that the laying of the cornerstone of the new church building will take place Wednesday afternoon at 2 o'clock. The program will be the usual order of the Methodist church for such services and the address will be delivered by Rev. F. A. McCarty of this city, district superintendent.

On the ninth of June 1913, the church burned, leaving the congregation with no place to worship, except God's out of doors, but one week after the fire, on June 16th, the trustees met at the home of F. B. Six and at this meeting a committee of three was appointed to solicit funds for a new church. This committee consisted of J. E. Erickson, F. B. Six, and John Snyder. One member said that she would give \$1000.00 if they would build a nice modern church, and with this to encourage them, they started to build a \$10,000.00 church. On June 28th at the fourth quarterly conference, a building committee was elected consisting of the trustees and at a meeting of the committee W. E. Keenan was elected chairman, F. B. Six secretary, and J. E. Erickson, treasurer. The bids were opened at the home of F. B. Six, Wednesday, September 3rd, 1913. The bid of Fred Grandjean, of Alexander was found to be lower than any other and the contract was let to him. The excavating for the basement started on Monday, September 8th, 1913.

Church Organized in 1865.

Alexander M. E. church was organized in June 1865 with Rev. J. H. Dickens acting pastor and the following trustees: Jesse Ruble, L. W. Brown, John B. Harris, Thomas Deaton, John T. Alexander, Edward Hinrichsen, William Morrison and Jacob Strawn. During the same year the church was built at a cost of \$4,000 and was dedicated December 10, 1865 by Rev. Hiram Buck, D. D.

Rev. J. H. Dickens was appointed pastor September 20, 1865 and was succeeded in 1866 by Rev. J. M. Lane who died in July 1867 of cholera. September 1867 Rev. D. M. Trotter became pastor, Rev. Don Carlos in 1868 and Rev. Newton Cloud in 1869.

In 1870 Alexander became a part of the Franklin circuit and Rev. Mr. Clark and William Lang were pastors. At the third quarterly conference, September 1871, Rev. William Lang was appointed pastor of Alexander, but his health having failed he resigned and Elder Short supplied the fourth quarter by sending Joseph Winterbottom and at conference he was sent back and served the charge until September 1874 when R. G. Hobbs was appointed. In 1875 J. A. Smith became pastor but only served a few months. William Greenbury finished out the year. William Newton Rutledge was appointed in 1876 and served two years. A list of the other pastors follows:

1878—R. G. Hobbs.  
1879-80—Charles Crane.  
1881-84—C. W. Jacobs.  
1885-86—McKendree McElfresh.  
1887—J. B. Vannet.  
1888—Church was supplied from Island Grove by M. M. Davidson.

1891-92—G. D. Dunagan. During his pastorate an Epworth league was formed.

1893—S. W. Beggs.  
1894-95—Rev. Mr. Blair.  
1895-96—Rev. Mr. Keplinger.  
1896-97—Rev. S. W. Beggs.  
1898-1900—Rev. E. L. Dudley.

1901—Church was supplied from Island Grove by Albert Flagge.

1902—Rev. Joseph Winterbottom became pastor and served two years. He also had charge of Litterberry with Arthur Ewert to assist.

1904—Albert Flagge, pastor of Island Grove, was again permitted to supply Alexander for a year.

1905—Conference decreed that O. B. Hess should serve Island Grove

and Alexander as their pastor. This he did for three years.  
1908—W. L. Selby.  
1909—Rev. N. R. Johnson became pastor with Rev. A. A. White as district superintendent. Rev. Mr. White served as district superintendent until September 1912 when Bishop McDowell appointed Rev. F. A. McCarty. Mr. Johnson is still pastor, just closing his fourth year.

A list of the trustees who have served Alexander M. E. church follows:

Jesse Ruble, L. W. Brown, John B. Harris, Thos. Deaton, John T. Alexander, Edward Hinrichsen, Wm. Morrison, Jacob Strawn, S. S. De-wees, Geo. Thomas, H. C. Wiswall, C. J. Mason, W. F. Brown, Frank Huffaker, Martin V. Baker, Julius Strawn, Fred Herr, J. E. Erickson, C. C. Harrison, Geo. Snyder, Geo. Hall, Luther Wiley, W. E. Keenan, John Snyder, F. B. Six.

The present board of trustees consists of W. E. Keenan, president; F. B. Six, secretary; J. E. Erickson, Luther Wiley and John Snyder.

A Night of Terror.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all dealers.—Adv.

NOTICE OF FINAL SETTLEMENT.

In the matter of the estate of Margaret Dooley, Deceased.

Notice is hereby given, that the undersigned administrator de bonis non of the Estate of Margaret Dooley, deceased, have caused my final report and account as such administrator de bonis non to be placed on file in the office of the Clerk of the County Court of Morgan County, and that I shall apply to said Court on Monday, the 17th day of November A. D. 1913, at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

FRED J. DEGEN, Administrator de bonis non.

We would have to issue a catalog to contain all the rare values we have to offer you just now in the way of winter necessities—and the story of how we managed to assemble such a stock and the skillful manoeuvring it required to make possible the low prices, would be too long and technical to be interesting. So we sum the whole proposition up in the above heading "You Can't Beat Our Values" and reduce our argument to the one word "Investigate." Do this and we have no fear of you going elsewhere to buy. We are prepared to offer you—at the lowest prices quoted in the city—the best there is in Hosiery, Underwear, Comforts, Blankets, Automobile Robes, Outing Flannel Gowns, Gloves, Dress Goods, Silks, Furs, Outing Flannels, Flannelettes, Bath Robe Patterns, Etc., Etc.

These 50,000 prescriptions represent the accumulation of 71 years' continuous business, and when you take into consideration that in the last 25 or 30 years all the physicians have been dispensing practically all their medicines from their offices, it shows a record of work that we are justly proud of, both for our predecessors as well as ourselves.

This is the day and age of specializing in most all the arts and sciences. We specialize in that of dispensing physicians' prescriptions, and call ourselves the Prescription Specialists. Our intimate knowledge of drugs enables us to personally direct the compounding of them; the supervision of the filling of your prescriptions assures you that no error will be committed in the selection of the proper and purest drugs. Absolute excellence is our standard. We will not tolerate substitution. Our label is a guarantee of quality and we give most careful attention to every article which leaves our stores.

### LOCAL OPTION SPEAKERS TELL OF SALOONS IN DECATUR

Experience Under Wet and Dry Regimes Related by Messrs. McIntosh and Mills in Strong Addresses at Mass Meetings Sunday.

It is too late now to argue about the campaign, but here is a final word. The Journal has consistently maintained that Jacksonville is a better and cleaner city without saloons than with them. Saloon influence always has been evil and can be nothing else. To vote for the return of the saloon means to vote for an institution which menaces, all that is good, wholesome and pure. The question is now up to the men and women of Jacksonville and it is their duty to vote today as their consciences dictate. Polls open at seven this morning and close at five o'clock.

### JEFFERSON ON THE LIQUOR HABIT.

At the opera house, in Central park, at Company L. hall, where ever he has made a speech in Jacksonville Col. Windle has quoted Thomas Jefferson as an advocate of personal liberty. And here is what Jefferson said in a speech in the House of Representatives February 17, 1867. "The habit of using alcoholic liquor for men in office has created more injury to public service and given more trouble to me, than any other circumstance which has occurred in the interior concerns of the country during my administration. If I had to commence my administration again, with the knowledge I have derived from experience, the first question which I would ask from candidate for public favors would be, are you addicted to the use of ardent spirits."

### SPOONTS REFUTES ARGUMENTS OF WETS POINT BY POINT.

Scores Messrs. Windle and Gardner and Refutes Assertions of Protective Association at Meeting at Northminster.

Point by point and argument by argument, the assertions of the liquor forces were taken up by Rev. Walter E. Spoonst at the last local option meeting Monday evening at Northminster church and met with satire, logic and quotations from scripture. The church was full to the galleries and the enthusiasm manifested by the audience showed a spirit strong and full of battle. After a reading of scripture, prepared in responsive form to illustrate the view points of the Protective association and the anti-saloon league, Rev. Mr. Spoonst warned the women against the circulars of the Protective association regarding the Australian ballot. He produced the signed statement of fifty-four business men of Jacksonville who are opposed to the saloon.

The opening prayer was given by Rev. Mr. Houck and the benediction by Rev. Mr. Cusic. Rev. J. W. Miller read a letter descriptive of conditions in Galesburg. The Northminster quartet, Messrs Marks, Nunes, Bracewell and Marks sang two effective numbers, "The Starless Flag" and "Lift Your Rother Up."

### SOCIAL EVENTS.

Mr. and Mrs. Otto Willner entertained a company of friends at supper at their home on North Main street Monday evening, the occasion being in honor of the birthday of Mrs. Willner's sister, Miss Theresa Kehoe. The affair was a surprise to Miss Kehoe and after partaking of an elaborate supper the guests spent a very delightful evening.

Mrs. George Souza of 924 Allen avenue entertained the members of her Sunday school class and a number of friends at a Halloween party at her home. The house was prettily decorated for the occasion in keeping with the season and prizes in the guessing contests were awarded to Mrs. Guy Lynn and Clarence Souza. A very delightful evening was spent and light refreshments were served.

A party was given in honor of Miss Lucy Marshall of Chicago by Miss Phebe Dummer at the home of her aunt, Miss May Dummer, 711 West College avenue, Monday evening. At 6:30 o'clock a dinner of excellent menu was served to the sixteen guests present and during the evening bridge whist was played.

Mrs. Myrtle E. Tandy entertained the Past Noble Grand of Carleton lodge No. 625 at her home last evening. At the business session Mrs. Lou Van Houten was chosen as president and Mrs. Albert Baldwin as secretary and treasurer. The remainder of the evening was spent in a social way and some palatable refreshments were served.

Miss Elsie Todd, who resides east of the city gave a party Monday evening at the home of Mr. and Mrs. C. C. Carter, 847 South Main street. Miss Edna Carter assisted her. There was present 35 young people and a merry time was spent in playing various games interspersed with an abundance of lively music. The decorations consisted of yellow and black paper, pumpkins, Halloween idea being carried out, in the rooms. During the evening delightful refreshments were served and so enjoyable was the occasion that the evening passed all too soon.

The experience of Decatur as a dry and later as a wet city was related by Alexander McIntosh and H. A. Mills, well known lawyers of that city Sunday to two large and enthusiastic mass meetings for local option. Mrs. Stewart of Chicago presented the facts on the saloon to the women at a mass meeting at Central Christian church at 3:00 o'clock, presided over by Mrs. J. H. Danskin. The mass meeting for men only was held in the afternoon at Northminster and the meeting for everybody at Grace M. E. church in the evening. A. T. Capps presided over the afternoon and Frank Byrns over the evening gathering. Besides the speakers from Decatur, the Grace church gathering for local option was addressed by Mrs. Stewart.

**Gives Facts on Crime.**  
At the afternoon meeting for men at Northminster church some startling comparisons as to crime were made by Mr. McIntosh between the two dry years at Decatur and two years following with saloons. Not a murder occurred in Macon county while the saloons were out. In the two wet years following there were eighteen murders, all traceable to the influence of liquor.

A similar story is told by the testimony of the coroner. While there were 125 inquests for two years in dry Decatur, there were 325 such inquests for a like period in Decatur with saloons. Mr. McIntosh said that as the "regulated" saloons were run by the same men who had conducted the unregulated saloons they were conducted in the same way, with little or no improvement.

Mr. McIntosh was followed by H. A. Mills, who brought an array of figures showing the licensed saloon in the most damning manner. He showed that the arrests for drunkenness and the total number of arrests were more than twice as numerous in the wet period than in the dry. He compared the building operations in Decatur as a dry city, with the licensed cities of Springfield, Danville and Galesburg, with the result highly favorable to Decatur.

### TO THE JACKSONVILLE BUSINESS MEN'S PROTECTIVE ASSOCIATION Editor Journal:

The women of Jacksonville recognize in the letters sent around yesterday by the Business Men's Protective Association, an effort to intimidate them. When they signed the cards put out by the churches to ascertain the sympathies of the church women, they violated neither the letter nor the spirit of the Australian ballot system, as our friends the Saloon Men's Protective association would have us to understand. It is the right of every Jacksonville woman to proclaim, verbally or otherwise that her sympathies are against the worst enemy of the home—the saloon; it is as much her privilege to indicate where her sympathies lie, as it is the privilege of the leaders of the opposite side to announce by speeches in public that they are on the wet side. If the spirit of the Australian ballot system is violated in this instance by the signing of the cards, then, any political speech, or any club to promote any political interest, also violates it, for by taking such stand a man indicates on which side of the question he is. Can they condemn the action of the women in this matter and not condemn their own policy in fighting for the return of the saloons?

This so called Business Men's organization has been consistent all the way through, for with the anti-saloon forces to take away a man's personal liberty they recommend for our acceptance "no liquor is to be sold to a man already under the influence of liquor." He has personal liberty. Why take it away at this point?

Another of their favorite arguments is for revenue. Why do they lose sight of the thousands spent by the city in caring for drunkards and their children. Why do they not come down to the real vital issue and approve their arguments, instead of indulging in "glittering generalities." Let us have real arguments.

### "JOLLY MIX-UP" A BREEZY BIT OF FUN AND FROLIC.

Chattanooga News: Two capacity houses greeted Norman Friedenwald's presentation of "A Jolly Mix-Up" at the Majestic theater last night, was a harmony and vivacity about the play that appeared to charm vaudeville lovers. The skit was permeated with a wealth of humor, song and dance, and enlivened by one of the prettiest choruses yet seen on the Majestic stage.

Maggie LeClaire, known as America's foremost Irish comedienne, in the leading fun role, was at her best, and her snappy Irish jokes and songs of the Blarney came as a refreshing interlude in the lulls of the action. Charles Brownie and James Casey created no end of amusement by their parts in the "mix-up." The chorus, dressed in catchy costumes, made a big hit in their rendition of "When the Moon Shines Bright in Dixie" and were encored several times. "The Happy Little Country Girl," sung by Bessie Brownie and chorus, was another pleasing music feature.

Jack Shannon, as Jerry the hostler, and Nina Straw, as Susie the maid, were the recipients of much applause, the latter for her singing and clever dancing. Inez and Odely, star members of the chorus, also brought down the house by their clever dances and songs.

A fitting opening to "A Jolly Mix-Up" was the overture, "Peg o' My Heart," by the orchestra.

Taken as a whole, "The Jolly Mix-Up" is one of the sprightliest tabloids the Majestic has had, and a week of crowded houses is predicted.

### MADE SPLENDID SHOWING.

The report of the water department made to the city council Monday by Commissioner Brennan and Supt. Cobb for the month of October, presents an excellent showing. The total collections for the month were \$3227.65 while the largest previous month in the history of the department was in February, 1912. Then the collections were \$3019.11 and at that time the rates were 25 per cent higher than now in effect.

The growth of the volume of collections under the present management is indicated by the figures following, October, 1910, \$1965.76; October, 1911, \$2431.73; October, 1912, \$2774.10; October, 1913, \$3227.65.

## COUNCIL DECLINES TO DELAY ACTION

DENIES CHAMBER OF COMMERCE REQUEST.

Light Bond Ordinance is Passed—Council Thinks Enough Time Given Awaiting Expert Opinion—Officers' Monthly Reports Received

The city council Monday morning after declining to listen to or rather to heed the request of a special committee from the Chamber of Commerce asking that a vote on the light bond ordinance be postponed until Thursday, passed the ordinance. The committee representing the Chamber of Commerce consisted of H. J. Rogers, J. J. Reeve and Dr. Rowe. Two members of this committee, Mr. Rogers and Dr. Rowe, were present at the council session as were F. J. Andrews, president of the Chamber of Commerce and Paul Fritchey, secretary and others present were W. B. Miser and Bernard Gause. The committee mentioned has a report from J. H. Bryant of the University of Illinois giving his views on the local lighting situation and it was their wish to present this report to the Chamber of Commerce Wednesday with the idea that action there might be of some service to the council in carrying through the light issue.

The other business of the session was of minor importance.

**The Order of Business.**

After the minutes had been read and approved and routine business transacted Commissioner Newman asked about the Maters street opening ordinance. Mayor Davis and Commissioner Engel said they understood this matter was to come up at the next term of court.

Commissioner Brennan reported that the proposed changes in office room for the water department would cost about \$50.00 and the council unanimously favored making the changes. More room will be provided for the offices and a passageway from the west to the east side of the offices will be afforded without going through the offices of the mayor or the water department.

The ordinance providing for a sidewalk on the south side of West State street beginning at Vickery & Merriam's store and extending west 80 feet was given a second reading and adopted.

Approved bills were ordered paid when funds are available and officers reports were received and placed on file. These reports are summarized below.

A communication was read from T. H. Buckthorpe on behalf of M. C. Donovan and Jeff Donovan offering to give the city a title to an extension of Richards street if the city would pay for a sidewalk abutting vacant property belonging to them on South West street. The council seemed to be of the opinion that the city would not be justified in granting the request made, but the matter was referred to Commissioner Newman with power to act.

Mr. Rogers Urges Delay. The clerk said that the light bond ordinance was ready for a second reading and then the question of postponing action was discussed. Mr. Rogers speaking for the special committee appointed by the Chamber of Commerce to secure an expert to look over the local situation and give an opinion said that the report had not been received until late Saturday afternoon—and that the committee did not think that it would be proper for them to present the matter to the council without having first reported to the Chamber

of Commerce directors by whom they were appointed to secure the report. Mr. Rogers said that in view of these facts that the committee wanted to request the council to postpone action on the ordinance until Thursday morning stating that Wednesday night was the earliest time at which it would be feasible for the Chamber of Commerce directors to meet.

**Sees Value in Expert Advice.**

Dr. Rowe speaking for the committee said: "We desire this postponement until Thursday simply with the hope that the Chamber of Commerce may approve some plan which will make it reasonably sure that the Chamber of Commerce will work with the commissioners in securing the passage of a light bond proposition. We feel that in passing such an ordinance that the avowed support of the Chamber of Commerce will be of great aid to the commissioners and with this support that it would in all likelihood pass (Mr. Brennan at this point interrupted the speaker to say that he believed they could pass without the support of the Chamber of Commerce.)

"In the last election I was in favor of the bond issue as much as anybody and then and now I favor a municipal plant. One reason the former bond issue didn't carry was because no man who makes a specialty of electrical matters had looked over the situation and made a report and for that reason we deemed it advisable to get an expert's opinion at this time. This opinion have been secured without any cost to the city, the expense being borne by private individuals and the only purpose is to be of service to the commissioners and through them to the whole city of Jacksonville. If this expert opinion should indicate that the amount of money you contemplate spending is not sufficient to provide a plant which will give light to everybody you might desire to change your figures and we cannot see how a delay of two or three days further will at all interfere with your plans. The report we have is very complete and goes into the matter thoroughly. There is no scheme or plot behind the whole proposition and we earnestly request that you will delay your vote until next Thursday."

Bernard Gause at this point made the suggestion that as he understood it the report made by Mr. Bryant was wholly a matter of recommending a system and that nothing would interfere with the commissioners adopting any suggestions made, after the ordinance had been passed. He said that the full value of the report could be had just as well after a vote on the ordinance as before.

**Commissioners Oppose Any Delay.** Commissioner Knollenberg said that so far as he was concerned there had been delay enough and that he was ready to go ahead and call the matter to a vote. He said that the council and commissioners in charge of the light department had gone over the situation thoroughly and had figures from a great many different concerns and that they believed the amount of money they were asking for would be entirely sufficient to cover their needs.

Mayor Davis said that so far as delaying action on the matter they should be guided very largely by the wishes of Mr. Brennan who is in charge of the light department. This remark of the mayor's came after a motion by Commissioner Newman that action be delayed in accordance with the request of the Chamber of Commerce. There was no second to this motion.

**Mr. Brennan Explains Position.** Commissioner Brennan said that he wanted the bond ordinance measure to come to a vote at that meeting. He said that in the expert's report that there were no plans showing where lights should be placed all over the city, but simply general

recommendations as to the system. He said that he would be glad to adopt any suggestions made by the expert which were of value but that he had figured on the question with very great care and was satisfied that the amount of money asked for would furnish all the light required. He said that the expert is making figures had not taken into account the saving which would be effected by having much of the work done by regular city employees. Moreover the commissioner said that he was tired of delays and was willing to put the proposition up to the vote and let the people decide. He said that since he had been in office that he had been working very hard in two worn out departments and that all he was interested in was in getting the people light and water and that he was devoting his very best efforts to these things.

As indicated above there was no second made to the motion made by Mr. Newman calling for a postponement and therefore the ordinance was read and was passed. Mr. Newman voting against it as he favored a delay until next Thursday in accordance with the request of the committee.

**Officers Reports.** The report of Howard Wannamaker, sexton of Jacksonville cemetery, showed seven graves made during the month of October.

The report of Diamond Grove cemetery was made by George W. Davis, commissioner of public affairs and showed seven graves made during October.

W. H. Cobb water superintendent reported total collections for the month of \$3227.65.

R. L. Pyatt, city clerk, reported for Jacksonville cemetery collections of \$56; for Diamond Grove cemetery, \$68.80; from clerk's office \$391.

A. M. King, health warden, reported total deaths 33; deaths at insane, 1; deaths in city, 22. The ages were under one, 1; one to five, 2; five to twenty, 1; twenty to fifty, 10; fifty to seventy, 7; over seventy, 12. Contagious diseases, diphtheria, 1; scarlet fever, 2; measles, 1; mumps, 3.

Emma S. Weller, city matron, had reported to her during month of October 12 children under age of fifteen years. The cases were as follows: Larceny, 1; 2 living with immoral parents, 1; dependent girl, 1; marriageable girls, 2; truants, 2; marriageable boys, 1; unmanageable boy, 1 for girl for keeping bad company. Two girls were disposed of through the juvenile court.

W. E. Thomson, justice of the peace, reported fines collected, \$198.40; city costs, \$47.15; J. P. Costs, \$76.65. Total \$313.10.

Chief of Police George P. Davis reported number of arrests 43; males 38; females 5. Amount collected, \$313.10. The arrests were distributed as follows: Drunkenness, 12; violating speed ordinance, 1; disorderly conduct, 26; concealed weapons 2; peddling without license, 2.

## BISHOP FELLOWS SEEKS PLACE AS ILLINOIS G. A. R. COMMANDER

War Record of Candidate Is Notable as Well as His General Public Service.

Members of Matt Starr Post G. A. R. are reviewing the candidature of Bishop Fellows for department commander of Illinois at the Mattson encampment in 1914. Bishop Fellows has a somewhat notable military record and his service in the Methodist church and in various educational and religious movements have been conspicuous. The circulars giving data about the candidate note the following in his military career:

Comrade Fellows served as Chaplain of the Thirty-second Wisconsin Volunteer Infantry. He then largely recruited the Fortieth Wisconsin Regiment, of which he was made Lieutenant-Colonel. He afterwards recruited the Forty-ninth Wisconsin Regiment, of which he was Colonel, and was Brevetted Brigadier General for faithful and meritorious services. Since the war he has been President of the Brigade Reunions of six of the later Wisconsin Regiments, and President of the Sanitary and Christian Commission Reunions held at intervals since the close of the war. He was Chaplain of the Soldiers and Sailors' Convention, which first put General Grant in nomination for the Presidency.

Chaplain of Post 28 and Department Commander of the Department of Ill. Grand Army of the Republic. Chaplain of the Society of the Army of the Tennessee.

Chaplain of the Military Order of the Loyal Legion of the United States, Commandery of Illinois. Late Chaplain-in-Chief of the Blue and Gray Legion.

Is the present Chaplain of the Second Regiment, Illinois National Guard, and

Past Commander of the military order of the Loyal Legion of the United States, Commandery of Illinois.

Comrade Fellows has always responded to the calls of the soldiers and of his comrades of the Grand Army of the Republic for his services. He has delivered hundreds of addresses on various occasions, many of them in connection with the dedication of Soldiers' Monuments.

Comrade Fellows was unanimously elected Chaplain-in-Chief of the Grand Army of the Republic at Saratoga in 1907.

**Declare War on Colds.** A crusade of education which aims "that common colds may become uncommon within the next generation" has begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car." "Don't sleep in hot rooms." "Don't avoid the fresh air." "Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.—Adv.

## SOME OFF-SIDE CHUTES.

Tex Russell, like the finicky old maid, has listened to persuasion and has changed his mind. He will continue with the barnstormers throughout the Lone Star state trip before again taking up the stick and the rule in an endeavor to complete his apprenticeship in the art made famous by Guttenberg.

Of the fourteen "accidents" on the gridiron on Saturday, two are certain to prove fatal. William McCarty, a 15-year-old boy, was tackled in a scrimmage at Lawrence, Mass., and his skull was fractured. At Proenxville, Penn., George H. Gay's neck was broken in the Pottstown-Union football game, and at last accounts, the former Ursinus college star was hovering between life and death. As a result of this fatality the officials of the Union football squad will abandon the game.

Broken ribs do not appear to hamper the work of Ad Wolgast in other lines. His press agents continue to work overtime in their efforts to keep the "bearcat" in the limelight. The latest line of bunk handed out from Cadillac has the ex-champ just returning from a hunting trip in Northern Michigan, where he slaughtered all the game allowed by the law's limit to one person at one "sitting." "Shooting" quack doctors off the lot and into Canada is a commendable act; but a little of that same grape and cannister fired in the direction of Cadillac would be of immense benefit to the public.

They are all overboard at New Haven and the coaches of Old Eli's football team are "hollering their heads off" in a call for help. The games to be played with Princeton and Harvard are giving the followers of the blue no little concern, and a council of war held Sunday fractured the blue laws of the Nutmeg state. Gloom hangs heavy over the famous Old Green (a place similar to our Central park) the pump at Chapel and Church streets shoots out brine instead of the grand old aqua pura and the campus west of Temple street and Vanderbilt hall are burdened with moss—all because Colgate attached a can to Yale in Saturday's gridiron duel. A round-up is to be had in a hurry and all former star players are expected to return and help round the team into shape for the remaining big battles. Science Yale does not want. The Elm City appears to have sufficient of that in the famous Sheffield annex. It is beef in the line-up that is lacking and it is beef that the coaches are seeking. What an elegant opportunity Ping Bodie is passing up. Ping can dispense with beef and bone in quantities large enough to supply one dozen football squads.

Commencing tomorrow evening the eyes of the billiard world will be focused upon New York, when the three nights' three cushion match opens. Alfred De Oro of New York and Joseph Carney of San Francisco will compete for the world's championship at this style of billiards, and a nifty match it should prove to be because there is not the very slightest difference in the gait of both players.

The season for the sure-things has been opened and within a week all props will be in place in readiness to harvest the coin of the commons. The mat, or wrestling, season was opened last night in Chicago. From there the malady will shoot out in all directions until the disease is spread over the country as thick as cucumberberries on the off-side of an Ozark mule.

Negotiations are pending and when completed Doc White will quit the White Sox and become a partner with Frank Isbell in the ownership of the Des Moines Western league team. He will be made manager and captain in Isbell's stead. G. Harris has many friends in fandom, all of whom wish him well in his new venture.

Although dead, Mike Murphy, the greatest athletic trainer the world ever knew, is not forgotten by the students of the University of Pennsylvania. The collegians are preparing a memorial to his memory to be placed in Franklin field, the big athletic grounds of the university.

The season for trotting and pacing now at an end, a new champion driver is crowned. Butler, Fitzgerald, Bud Doble and Ed. Gears all were great in their day, but during the year 1913 the greatest pilot of harness horses in the world was not flashed to the front. Thomas W. Murphy came along steadily and jumped so far in the lead that there is not a driver anywhere who has come within halting distance of his established records. And Murphy did not ride crampions as a rule. His long suit has been in picking up other drivers' discarded prospects and turning them out winners in their respective classes.

## A NEW DEAL.

Alton and C. P. & St. L. in New Traffic Alliance.

In order to meet the competition of the traction line which parallels the tracks of the two companies between Alton and Jerseyville, the Chicago & Alton and Chicago, Perio & St. Louis roads have joined hands in an interchange agreement. In former years the two steam roads which are competitive, were at sword's point, but with the coming of the trolley line, the respective managements found it politic to join hands and combat the new rival in the field. By a new order issued recently and effective immediately, the Alton and C. P. & St. L. will honor the tickets of the other road for travel between St. Louis and Jerseyville, and between Alton and Jerseyville. Commutation, local and coupon tickets will be honored alike, the only exception being in the way of free transportation. Holders of annual, quarterly or trip passes issued by the respective roads must travel on the road issuing them. By the new arrangement, passengers riding between St. Louis, Alton and Jerseyville, can take their choice of trains of either road, giving them double the service previously enjoyed. By the interchange arrangement the steam roads will not lose anything, while there is a strong likelihood that there will be an increase in travel at the expense of the traction line.

Gas From Exhaust of Motor Car Kills Wabash, Ind., Man.

William Kronmiller of Wabash, Ind., is dead as a result of having been asphyxiated by the gas from the exhaust of his own automobile. Kronmiller had a small garage at his home and went out to make some repairs to the carburetor on his machine. The room in which he was working was almost airtight. The engine of the car was started and while the man worked the room rapidly filled with the gas from the exhaust. From the condition of the room, in which a chair and other articles were found overturned, it was apparent that Kronmiller, suddenly realizing that he was being overcome, attempted to reach the door. Unsuccessful, he fell to the floor, and death soon followed.

## NEW BABE SAVED.

BY LUNG MOTOR.

When the respiratory organs of a baby son of Mr. and Mrs. J. E. McBrady, born at the Evanston, (Ill.) hospital, failed to show signs of operation, the Evanston lungmotor was called into action and after several hours' work the chances of the life of the infant appear good to the attending physician. If the baby lives the case will be one of the most unusual on record.

The heart action of the tiny infant is perfect, but when the respiratory organs failed to respond the attending physicians were baffled. Such a case has never been brought to their attention before. Finally someone suggested the Evanston lungmotor and a call was sent to the police station for it. For more than four hours they worked over the infant with the machine, and when, shortly after 7 o'clock, signs of respiration were manifested, the work was stopped. However, a close watch will be kept and the life saving device again employed if the organs fail to keep up their action.

## Here's a Cure For Sciatica

Painful Form of Rheumatism Quickly Overcome.

Those sharp darting pains that characterize sciatic rheumatism should be treated in the blood. And by using S. S. S. you not only get relief but a cure. S. S. S. has the peculiar action of soaking through the incrustations directly into the blood. In five minutes its influence is at work in every artery, vein, and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys and bladder to all work to the one end of casting out every irritating, every pain-inducing atom of poison. It dislodges by irrigation all accumulations in the joints, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains. And, best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion. It is taken naturally into your blood just as pure air is inhaled naturally into your lungs. You can get S. S. S. at any drug store. S. S. S. is a standard remedy, recognized everywhere as the greatest blood antiseptic ever discovered. If yours is a peculiar case and you desire special information, write to The Swift Specific Co., 221 Swift Bldg., Atlanta, Ga.

## WOMAN'S ILLS DISAPPEARED

Like Magic after taking Lydia E. Pinkham's Vegetable Compound.

North Bangor, N. Y.—"As I have used Lydia E. Pinkham's Vegetable Compound with great benefit I feel it my duty to write and tell you about it. I was ailing from female weakness and had headache and backache nearly all the time. I was later every month than I should have been and so sick that I had to go to bed."

"Lydia E. Pinkham's Vegetable Compound has made me well and these troubles have disappeared like magic. I have recommended the Compound to many women who have used it successfully."—Mrs. JAMES J. STACY, R.F.D. No. 3, North Bangor, N. Y.

### Another Made Well.

Ann Arbor, Mich.—"Lydia E. Pinkham's Vegetable Compound has done wonders for me. For years I suffered terribly with hemorrhages and had pains so intense that sometimes I would faint away. I had female weakness so bad that I had to doctor all the time and never found relief until I took your remedies to please my husband. I recommend your wonderful medicine to all sufferers as I think it is a blessing for all women."—Mrs. L. E. WYCKOFF, 112 S. Ashley St., Ann Arbor, Mich.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

## GIVES ADVICE TO ALL COMPANY EMPLOYEES

SUP'T. MISER LAYS DOWN PRINCIPLES FOR DAILY USE.

Urges Unfailing Courtesy in the Treatment of the Public—Counts This the Only Way to Bring to Pass Successful Operation of a Public Utility—The Public Pays the Salaries of All Employees.

Superintendent Miser of the Jacksonville Railway & Light company has issued the following letter to all employees of the company, in which he lays down some maxims. He believes will bring success to them and the company:

I have formulated a service code for all of our employees, which might be termed "The Creed of a Successful Public Utility," for if its provisions are carried out the company cannot but win and hold the confidence and esteem of the public it serves.

Our company is operated to sell to the citizens of Jacksonville electricity, gas and railway service, and incidentally such other service and equipment or appliances as will make electricity or gas available.

Without consumers there would be no Jacksonville Railway & Light company.

These are simple facts easily understood. It therefore behooves every man and woman in our employ to remember this always, and to see that every customer is treated with courtesy and proper consideration.

Any member of the force who lacks the intelligence to interpret the feeling of good will and fair treatment the Jacksonville Railway & Light company holds towards its customers cannot stay very long with us.

New customers are just as valuable as old customers—remember that; for each new customer is an old customer in the making.

See that you do your part to make the customer feel that everybody's business is appreciated.

Impress upon him the fine good-fellowship of our company, the no-trouble-to-show-you spirit.

When a customer walks in, meet him half way by showing an interest in what he wants or in any information he may be seeking.

You must take the customer and handle him according to conditions and the particular mood in which you find him.

The stranger in antiquated raiment may be one of the best customers on our book.

Always remember the customer pays your salary. He is your immediate benefactor.

We are just as anxious to have the business from the north side and south side as we are from the west end.

Have every one feel that we want to give him better value and better service than ever before received.

The employee who helps to perpetuate this plan is never out of a job, nor does he escape the eyes of the Man Behind the Scenes—the Boss.

At rare intervals some perverse member of our force disagrees with some customer as to the rightness of this or that.

He maintains that he had no instruction to make a quick connection when the customer says he did.

Or that the order was for 60-watt lamps instead of 40.

Or that it was a 60-inch fan and not 12-inch.

Or that this was ordered and not that. Either may be right.

These are permanent instructions. No employee of the Jacksonville Railway & Light company is allowed the privilege of arguing the point with the customer.

He must adjust the matter at once in a pleasant and satisfactory manner to the customer, or call his superior to adjust it. Wrangling should have no place in the Jacksonville Railway & Light company.

If our business is successful there is good reason for it.

The reason is that we give good service at reasonable price and with the right kind of people to handle the business.

Everyone from the errand boy to the boss is working all the time to give the customer the service he wants.

Ike Milliken says, "Most of the big men got the big jobs by making the little ones bigger."

The company should incorporate as its trade mark the word "Service."

Upon the word "Service" rests the reputation of our company.

The word "Service" is intended to convey to the public that for which our company stands.

Back of the word "Service" we have an electric power station which is second to no city of this size.

With our new improvements we will have a gas plant and distributing system which is unequaled by any city the size of Jacksonville in the state.

We are furnishing railway service and equipment for this service second to no street railway in the state, with the same percentage of earnings that we have.

Beyond this we have financial backing who is willing to invest any amount of money that is required and justifiable to better or enlarge our service.

A highly efficient and well trained corps of trouble men on duty day and night.

An organization of officials, salesmen and clerks trained to the highest degree of efficiency.

We render service which every employee of the company should be proud of.

Filling orders as given and making deliveries as promised is good service. It is the object of the Jacksonville Railway & Light company to sell its customers just what is wanted and with the very best service.

The service of a company like ours is not a thing supplied by any single

individual. It is not a special attention to any one customer.

Service means the limit of courteous, efficient attention from each particular employee to each particular customer or order.

It rests with every employee of this company (errand boy, order clerk, salesman, telephone operator, cashier, manager) whether the customer goes away disappointed or pleased.

The clerk can wait on a customer in a "what do you want" manner that will stick in the man's "crop" and make him feel that there is something radically wrong with the business and make him regret he came in.

Or he can wait on the customer in such a manner that he will go out of his way to do business with us.

If the customer asks for a quick correction, don't get rid of the matter by answering, "It will be done right away," without knowing or getting information from the operating department if it is possible to accommodate the customer.

Sometimes it is impossible to make delivery that the customer wants, and sometimes no trouble at all when you explain the importance of the delivery to the proper department.

For it would be better to lose the order than to have a disappointed customer on account of not being able to carry out your promise.

An operator of clerk who is quick to answer telephone calls and does not keep a customer holding a cold receiver to his ear listening intently to nothing, can swell the appreciation of our Service and swell our appreciation of him or herself.

W. B. Miser, General Superintendent.

### FALLING HAIR

Is Easily Stopped; Also Dandruff and Itching Scalp—Use Parisian Sage.

Since Parisian Sage, the remedy that removes dandruff with one application, has been placed on sale thousands of purchasers have found that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped and that hair which is brittle, matted, stringy or dull and faded, can be made soft, fluffy and abundant.

To everyone who wishes to eradicate dandruff, stop falling hair and have an immaculately clean scalp, free from itching, Coover & Shreve agree to sell a large 50 cent bottle of Parisian Sage with a guarantee to refund the money if not satisfied. It is an ideal, daintily perfumed hair tonic, free from grease and stickiness. Delighted users pronounce Parisian Sage the best, most pleasant and invigorating hair tonic made.—Adv.

**MILITARY TOURNAMENT IN GOTHAM.**

New York, Nov. 3.—With clattering side arms and the rattle of steel shod hoofs, the advance guard of the military tournament took possession of Madison Square Garden this morning and with the readiness of tried campaigners, converted the big amphitheatre into a military encampment, and were in comfortable quarters in less than an hour. It is several years since a military show has been held in New York and the present exhibition, which will last all week, will include a number of new and interesting features. The new calcium shells for lighting up an enemy's advance at night will be demonstrated from the garden roof, where a landing stage also has been built for the convenience of the army armmen who are to carry messages to and from the tournament. Governor's Island, Fort Hamilton, and other fortified places around New York.

### OUCH! RUB BACKACHE, STIFFNESS LUMBAGO AWAY

Rub Pain and Soreness Right Out With a Small Trial Bottle of Old St. Jacob's Oil.

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain and the quickest relief is soothing, penetrating "St. Jacob's Oil." Rub it right on the ache or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacob's Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacob's Oil" is harmless and doesn't burn the skin.

It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain. (Adv.)

### ARIZONA STATE FAIR OPENS.

Phoenix, Ariz., Nov. 3.—With every promise of being the most successful exhibition of its kind ever held here, the Arizona state fair was formally opened today and will be continued until the end of the week. Every department of the fair is filled to overflowing with attractive exhibits. Never before have the products and resources of the new state been so comprehensively displayed. In the features of entertainment, too, the management has endeavored to eclipse all of the previous exhibitions. A program of harness racing will be carried out under the auspices of the Great Western Circuit. Automobile racing also plays a prominent part in the program. A bench show, aeroplane flights, athletic contests and numerous other free attractions have been provided for the entertainment of the visitors.

### FINAL HEARING IN HARVESTER SUIT.

St. Paul, Minn., Nov. 3.—A notable array of counsel appeared in the United States circuit court here today, when the government suit for the dissolution of the International Harvester company, capitalized at \$10,000,000, came up for a final hearing. The suit has been pending for nearly six years and a vast amount of testimony has been taken. Attorney General McKendrick appeared in court as the principal representative of the government. The attorney general, according to announcement, was prepared to insist that the stock of the harvester company, is dissolution is ordered, shall be disposed of under such stringent provisions as will make impossible a joint control of the component companies of the corporation at any future time.

### VALUABLE FARM FOR SALE.

Saturday, November 15th at 2 p. m. at the south door of the court house the administrators of the estate of William Ezard will sell eighty acres of level, black land, well tilled, with 27 acres in blue grass. It is in section 10, tract 13, R. 19, two miles east of Murrayville.

Terms, \$1,000 cash; remainder January 1st, 1914. Perfect abstract, warranty deed, possession, March 1, 1914.

The CHAMINADE CLUB met Monday afternoon with Mrs. Virginia Vasey on West North street. There was a good attendance of members and a most interesting program from the works of three famous German masters, Beethoven, Wagner and Weber, was rendered.

### ANOTHER VIEW OF THE SALOON.

The local opinion question is an issue in which, ordinarily, I am not much interested, being as it is not and cannot be a solution of the booze question.

Yet, when the spokesman, who seem to represent the "Jacksonville Business Men's Protective Association," openly attacks the aggregate decency and civic virtue of the womanhood of this city, it is about time to speak up.

The greatest shame that womanhood could be guilty of is to give life to monstrosities that traffic in the misfortunes of their sex, and cater to the baser instincts in the name of "business."

Therefore we propose to review a few of the pretended reasons given by these people for the return of saloons, together with the conditions that will actually exist, and a few of the scenes that will take place should the people be so unwise as to permit their return.

It was claimed, when the saloons were discontinued, that it would ruin business and the claim has continually been reiterated. Yet there are more people in business today than ever before and fewer store rooms and dwellings vacant, in proportion to population, than ever in the history of the city. Likewise, more and better buildings have been erected, and the general tone of civic life, while not all that could be desired, is surely much improved.

It was claimed that the city could not be run without revenue from this business, notwithstanding the fact that the city had long since reached the debt limit under the regime of "business" and unrestrained "wet morality."

The city council, not possessing any initiative, but following the precedent of "business and booze" administration that had brought the city to verge of bankruptcy, were unable to conceive of any method to raise additional revenue except by a wheel and poll tax, which they promptly levied, while a public service corporation was allowed "freely use of the middle of the street."

Working people, who for the most part are propertyless, were inoculated with this virus and went around demanding that the property class be relieved of paying twenty four thousand dollars taxes and they, the poverty stricken boneheads, be allowed to pay it by paying two hundred and fifty thousand dollars over the bar, five cents at a time.

Surely it took marvelous ingenuity to evolve such a gem of reason. It should really be embalmed and given a place of honor in some famous museum.

It is claimed that more booze is now sold than ever before, but the statement is doubtless intended to be believed by those whose minds have been impaired by the excessive use of alcohol; for surely normal people in the possession of average observation and reason, are not expected to believe such a self evident falsehood.

True, there is much of it sold. "Blind tigers" are said to have operated at various places, tin horn gamblers have consorted with pimps and moonshiners and the bootlegger has sneaked around the alley. But the lawless element is by inference of those whose business it is to enforce the law.

It is not the fault of the people, unless because they did not take drastic action and exact law enforcement.

Be it understood that it is my people, the workers, that I am vitally interested in. It is they, who from long hours of excessive toil, adulterated food and unsanitary conditions, seek succor in the foaming glass. It stimulates the depleted system, even though the "witching hour" be followed by inevitable reaction.

It is mostly those of them whom capitalism has brutalized, that "belly up to the bar" and inoculate themselves with "poison" until they lose all sense of decency and again hark back to the savage state and the instinct of the jungle breed.

Any business so questionable that society will not tolerate its existence unless indemnified by high fees as protection against its ill effects, is indeed questionable. Yet the saloon people are the most insistent that license should be high.

Also they are great sticklers for personal liberty a thing impossible, a basis of equality, under a high license system, unless, perhaps, they reason that the man with five cents with which he is permitted to purchase booze from the man with a thousand dollar license, occupies the same position before the law. Nothing, however, is farther from the truth. The license permits one to make four cents profit on the five cent purchase of the other, and the license fee enables the city to look after the five cent man while he is drunk and to send him to the penitentiary or the gallows when he commits some crime. Moreover, the four cent profit infinitely multiplied, makes the high license man a pillar of society, enables him to be "man about town," mingle with the "officials" and perhaps "influence" legislation for the good of his customers.

Looked at from any angle, the booze business is a detriment to the human race. It does not possess one redeeming feature. If re-established in this city it will make business all right, but it will be for the tin horn gambler, the moonshiner and the night brigade, just in proportion as criminal lights appear from strange windows in the tenebrous.

It were better for people of the city to have the open saloon than to tolerate such laxity of law enforcement as has existed for the past six years, but before they do so it would perhaps be well to try a little law enforcement, even though it were necessary to elect new officials. Then, perhaps, it would not be so desirable to belong to the lawless element (such as the "wets") freely admit that local option makes).

For the fourth time today the city will go dry, and that by an unparalleled majority. Then let us see that

the law is enforced. Very truly,  
Geo. Smith,  
Edgmon street.

Vote for P. D. Megginson for county commissioner if you want a good clean business administration.

### THE BOOZE FIGHTER

That the boys and girls are thinking of the local option question as well as the older folks is evidenced from following essay which was handed in by an underclassman at the high school yesterday.

A booze fighter proclaims with his red nose what he is. Besides his head light of a nose, his watery, bleary, piggish eyes, and stupid look, his walk also gives him away. His clothes are ragged, dirty and worn, and they smell of cheap or expensive tobacco (it is all about the same) and he may be found with an old corn cob pipe between his dirty uncarved for teeth. He is usually to be found talking with a crowd of his own kind of crooks, or lying in the gutter sleeping off his drunk, the last refuge he has when his money is gone. The saloon-keeper has no room for a man whose money is gone. But if a prosperous looking man enters who looks as if he had money, the bar-tender greets him with smiles and cordial greetings. But when all the man's money is gone, or taken from him by some game of chance, such as cards, dice, slot machines, or some other unfair means, the bartender's foot and old barn for his night's lodging is all there is left for him.

### DID CHILD WAKE UP CROSS AND FEVERISH?

Look Mother! If Tongue is Coated Give "California Syrup of Figs" to Clean the Bowels.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the tin.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs" then look and see that it is made by the California Fig Syrup Company. Don't be fooled! Being sold here.

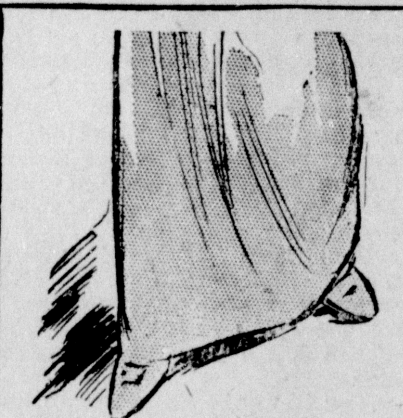

There's a world of satisfaction in buying Uneeda Biscuit, because you know you will get what you want—soda crackers that are oven-fresh, crisp, clean, appetizing and nourishing.

## PRINTYPE

### Receives the Plaudits of the Public.

### Printype OLIVER Typewriter

Printype is owned and controlled exclusively by The Oliver Typewriter Company.

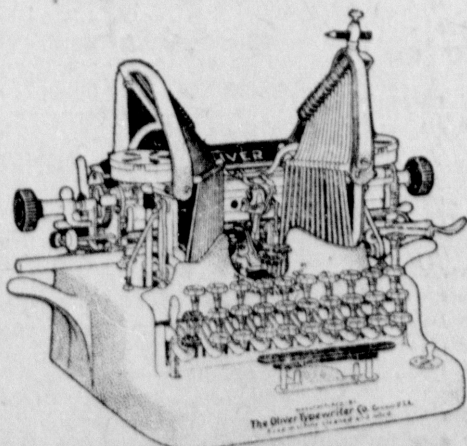

America rings with praise and applause for Printype. This superb new typewriter type has attracted more attention than any typewriter innovation brought out in recent years.

Hundreds of thousands of people have seen this new type and wondered what it was that made Printype correspondence seem like a spoken message. There's virility, strength and charm in Printype correspondence. There's refinement and "class" and style.

Not because of its novelty—it's inherent in the type.

### A Vast Improvement

Printype is designed in shaded letters and numerals, like the type in which books and magazines are printed. It is book type transformed and adapted to modern typewriter requirements.

Vigilant protector of people's eyesight, hailed a benefactor by many thousands of enthusiastic admirers. "Officer Printype" responds with becoming modesty.

Officer Printype says: "I am overwhelmed by the ovation which has greeted my appearance in your midst. I am simply doing my sworn duty in ridding the Business and Financial Districts of the Bad Characters that for years have made Typewriters a menace to your eyesight. I have mercilessly exposed and relentlessly pursued these dangerous Typewriter Types, which are responsible for more cases of Defective Vision than all other causes combined."

"Report direct to my Headquarters, in the Oliver Typewriter Building, Chicago, any machine whose type is violating the Optical Law and I'll have the offender haled before the court of Public Opinion."

This radical departure from the old style "outline" letters makes it possible to produce, on the Oliver Typewriter, a page of manuscript as clear and attractive as that of the finest book. The Oliver is the first and only typewriter that successfully prints print.

### The Primary Reason

Printype resulted from our discovery that "outline" type, with its sameness, due to absence of shading, was harmful to the eyes.

### The Silent Test

For months, without any advertising, we put hundreds of Printype Oliver Typewriters into actual service, in many diverse lines of business. We wanted the public's verdict. It came in a burst of admiration and a flood of orders that proved Printype a brilliant success.

Printype letters, wherever seen, excited the keenest interest. Business men who received the first Printype letter almost invariably answered, post haste—"Where did you get that type?" Thus Printype captured the country without firing a single shot.

### Price Not Advanced

The Printype Oliver Typewriter sells for \$100. You can pay at the rate of 17 cents a day. The "Printype" is our latest and best model. The new type adds 25 per cent to the value, but not one cent to the price. A small cash payment brings the machine. (24)

## D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

**THE SUPERVISING NURSE** of one of our prominent Catholic institutions (name of nurse and institution on application), writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly

writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

LEE P. ALLCOTT, Druggist.

### DAINGEROUS CROSSING

Railroad Officials Ready to Join Park Board for Safety.

Yesterday morning Messrs. S. H. Henderson, division superintendent, I. C. Brown, superintendent of signals, and Richard Heffron, roadmaster, all with headquarters at Bloomington, and connected with the Chicago & Alton railroad, visited the city for the purpose of looking over the Vandallia crossing and discussing means for greater safety. J. H. Hackett, president of the South Jacksonville board of trustees, S. W. Nichols, president of the park commission, accompanied the railroad gentlemen to the place in question and it was thoroughly examined and plans for safety and improvement talked over.

Fortunately while they were there a passenger train came in from the south and Mr. Brower and the president of the park board commission walked westward and carefully noted the vision a person would have while west of the track. The railroad officials expressed a willingness to do the fair thing by all parties and Mr. Buffe, owner of the land west of the road and south of the Vandallia road, was also seen and promised cordially to co-operate in all that was done.

It was agreed that the hedge along the north side of Mr. Buffe's land was some obstruction, as well as the growth along the line next to the railroad. Mr. Buffe promised to have them removed and some other obstructions and also when the crop of wheat is off the land to put in some scrapers and take off the crest of the ridge where it is the highest. This will be all that can be asked of him and will make things all right as far as he is concerned.

The president of the park commission promised not to let any growth on the park property interfere with the sight of the road.

Mr. Henderson ordered the concrete work west of the road right away extended to the railroad track, the existing cattle guard fences removed, the track well planked at the sidewalk crossing and he will probably have the cattle guards themselves taken away, as they do no good there.

Mr. Hulsizer agreed to move the electric signal or alarm so that it would work without interruption when a train is approaching.

Mr. Henderson also agreed a lot of dirt on the west side of the right of way just south of the Vandallia crossing be removed. He also said it would afford the road pleasure if the park authorities would cultivate the right of way down to the ditch and make it a greensward, the same as the rest of the grounds.

A generous disposition was manifested by the road and when the work promised is carried out the crossing will be reasonably safe, as the engineers are careful to sound their whistles when approaching it.

Vote for P. D. Megginson for county commissioner if you want a good clean business administration.

### NERVOUS DYSPESIA, GAS OR INDIGESTION

Each "Pape's Diapiesin" Digests 300 Grains Food, Ending All Stomach Misery in Five Minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odor.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—Adv.

### TEMPERANCE VS. INTEMPERANCE

(By S. H. McCausland.)

That the saloon should champion the cause of intemperance, when its very existence depends upon intemperance, shows the infamous hypocrisy of its paid advocates.

History and observation teach that the open dram shop, as an antidote, for temperance, kills a thousand times as many as it cures. I do not believe the fact could be established that an immoderate drinker ever became a temperate man through the influence of a loafing place filled with associates like himself and where liquors are dished up in every form conceivable. Neither could saloons exist as distributing places of temperance. The cost of license, of rent, light, fuel, fixtures, help, transportation, raw material etc., demand more than moderate sales of strong drink. Experience proves that the saloon makes not only intemperate men of moderate drinkers, but also of those who have been total abstainers.

I question if the most fanatic advocate of the open saloon can name a single young man in Jacksonville who, having been a total abstainer before, has become an habitual drunkard within the last five years.

How many drunkards would 27 open saloons have formed in this city? And whose sons would they have been? How many women with clean, virtuous lives would these men have ruined? How many children cursed with the brutality of drunken fathers? How many crimes and violations of law by both the saloon-keeper and his patronage? The records of any past five years of the open saloons of our city will answer these questions.

We are told that "blind tigers" are plentiful in our city; that bootlegging is a common thing; that hosts of young men are learning to drink. But did it ever occur to you that these things are known only by those who follow and patronize the business. That it is a crime to conceal a crime; that the man, no matter what his standing or business, who buys drinks of these illegal institutions is himself a criminal and amenable to the law. These men are harboring criminals and encouraging lawlessness and should be looked after. What reason can a law abiding temperance advocate assign for tramping the streets at midnight hunting for places to purchase booze for his personal use?

There are some arguments by saloon advocates that should not go unchallenged. Quote from "What We Believe (out of business) Men's Protective Association." "A man who needs a law to make him temperate needs brains." Within the past twenty years our city has witnessed through drink the ruin and downfall of some of its successful men. To say these men lacked "brains" is an insult to their business capacity and memory and should be resented. What they needed was the removal of the cause or their ungenerous appetite, the saloon.

2. "A blind tiger is worse than a saloon." Why do they not produce statistics to prove the statement.

3. That you cannot promote temperance by closing the saloons and converting beer drinkers into whisky drinkers. But "beer drinkers are temperate men, men of 'brains' therefore you could not convert them to intemperance. Oh, no, the only way to make a man intemperate is to close the saloons.

4. Briefly—"A man has a right to enter a restaurant and order what he wants to eat or drink." True, but what about the restaurant keeper who served tainted meat, poisoned canned goods or slips a few "knock-out drops" into his coffee? That is the man the law is after.

5. That muscle becomes strong by constant, temperate use. Character should be developed in like manner. An excellent proposition. But who ever heard of a man of "brains" tackling a rattlesnake, a hyena or a crocodile? No more can a young man or woman (why not include women?) gain strength of character by visiting saloons, gambling holes or bawdy-houses and indulging temperately.

At the Opera House Mr. Winkle declared that society had no right to declare what woman he should marry. No; but it has a right to declare that you shall marry her before exorcising the rights of married life. It has a right to say that you cannot have, at the same time, two legal wives. It has a right to say that you shall support this wife and her lawful offspring. It has a right to take this woman and these children, flesh of your flesh, away from you to protect them from your abuse of your personal liberty." He asserts that society has no rights to control his thoughts. True; but when these thoughts, like saloons, become active agents to work evil, then they are the property of the society in which you live. Thoughts, as such, are harmless, but when they induce, theft, counterfeiting, rape, bigamy, adultery, drunkenness or murder, they need, for the good of him that thinks as well as others, the restraining hand of law. "Brains or no brains."

He also asserts that society has no right to declare how he shall cast his vote. But it has this right. It may declare when, where, how (in what manner) and how often you may vote. It may also declare that you cannot vote at all. It may declare that you shall not vote for any man or woman, except mentioned on your ballot. It may declare that you cannot vote for any secret act of treachery toward your country, nor openly for any man or party whose avowed object is the overthrow of our government. Society may not decide the color, weight or cut of one's clothing. But may abrogate the fig leaf style of apparel. It may not deter a man from wearing an overcoat in summer, nor a duster in winter, but if he goes upon the street clad only in cheese cloth, society may interfere. The manner in which the saloon advocates have dragged religion and the scripture in

to this campaign is reprehensible. The devil quoted scripture to Christ. Let us, today, say to the saloon as Christ said: "Get thee behind me, satan."

### ISSUES IN OHIO.

Columbus, Ohio, Nov. 3.—Nearly all of the leading cities of Ohio will hold municipal elections tomorrow, and in addition the voters of the entire state will be given opportunity to pass judgment on several proposed amendments to the state constitution. Most public interest is manifested in the initiative vote to be taken on a bill to prohibit the shipment of liquor into dry territory. An amendment for a small legislature and another to exempt public bonds from taxation are submitted to the voters, also an amendment to shorten the election ballots, as advocated a year ago by all three political parties. The last named amendment would make the governor and lieutenant governor the only elective state officers, and would give the legislature power to pass laws conferring home rule on counties.

Panama, Nov. 3.—The Republic of Panama began today celebrations in honor of the tenth anniversary of its independence from Colombia. With the water already turned into Culebra Cut and the final completion of the great canal in sight, the celebration will be carried through the entire week and is expected to be more brilliant than in any previous year. Today was observed as a public holiday by all classes. Crowds of Americans joined in the festivities with as much enthusiasm as was displayed by the native residents of the republic.

## Notice to Poultry Raisers

We are now manufacturing, under state license, the best brand of chicken food on the market, known as "SUPREME CHICKEN FOOD." This food is far superior to any brand of chicken food on the market today. It is guaranteed under the Pure Food & Drugs Act, June 30, 1906, serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT ..... 6 to 8 per cent.  
PROTEIN ..... 22 to 24 per cent.  
FIBRE ..... 7 to 9 per cent.

### WHAT IS "SUPREME CHICKEN FOOD?"

It is a combination food consisting of meat scrap, steamed bone grit and a small percentage of clam shell grit; all clean and in a uniform size, and can be fed to large and small fowls. "SUPREME CHICKEN FOOD" is guaranteed to make your hens lay. It is the only ideal food for fall and winter use. Put up in 50 and 100 pound bags.

Price per 50 pound bag ..... \$1.50

Price per 100 pound bag ..... \$3.00

We are also manufacturing, under state license, the best brand of hog food on the market, known as "SURE FATTEN HOG FOOD." It is far superior to any brand of hog food on the market today. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT ..... 10 to 14 per cent.  
CRUDE PROTEIN ..... 52.50 to 60 per cent.  
CRUDE FIBRE ..... 1 to 3 per cent.  
PHOSPHATE ..... 10 to 12 per cent.

### WHAT IS "SURE FATTEN HOG FOOD" TANKAGE?

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil-meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations. It is packed in one-hundred-pound burlap sacks, plainly marked "SURE FATTEN HOG FOOD." Analysis as above. It is the ideal feed to balance rations.

### WHAT "SURE FATTEN HOG FOOD" TANKAGE DOES.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby saving one-third of the feed bill, one-third of the labor, one-third of the risk, increasing profits one-third.

It grows better proportioned hogs, more meat, and more fat, hence market-topper hogs. "SURE FATTEN HOG FOOD" Tankage fed hogs ship well with small shrink. While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that "SURE FATTEN HOG FOOD" TANKAGE fed hogs are universally healthy. Manufactured by the

## BOARD OF EDUCATION HELD

## MEETING MONDAY NIGHT

Bond of Contractor For Eighth Grade Building is Approved—Mayor Reports Arrangement To Borrow Needed Funds at Five Per Cent.

The board of education met in regular session last evening and transacted routine business. The mayor announced he had arranged to cash salary warrants; the contracts of Wolke and the Jacksonville Heating and plumbing were presented and returned for some corrections; the superintendent was instructed to attend the disinfecting school rooms and minor matters were discussed.

**The Proceedings.**  
The board met in regular session with all members present and Mayor George W. Davis in the chair.

The minutes of the last regular and subsequent called meetings were read and approved.

All properly approved claims were ordered paid.

The mayor announced that he had made arrangements to cash the salary warrants by the city treasurer, F. E. Farrell and at five per cent. He also suggested that it would be better to draw one warrant for all the money likely to be needed, place the sum to the credit of the treasurer and then check against it in the usual way. The complete warrant would draw interest on the whole face of it from date of drawing. The clerk was instructed to draw the warrant.

It was decided to permit the use of the school buildings in the first, second and third wards to be used for voting places at the light bond election to be had in December as it will be on Saturday and not interfere with the schools and the booths can be placed in the halls and thus the buildings will not be damaged.

The superintendent was instructed to see that the school rooms were disinfected at regular intervals.

The contract of John Wolke was presented for the construction of the new eighth grade building and returned to be corrected in the wording of same. His bond for \$11,000 with E. E. Crabtree and F. E. Farrell as co-makers was presented and accepted.

Miss Brown of the Jacksonville Plumbing and Heating Co. asked that the contract presented his company be changed in the respect of the kind of goods to be used. He said the specifications called for either one of three kinds or their equal while the contract called for only one and that could not be had by the home concern and the request to have the contract agree with the specifications was granted.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young—is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. The Olive Tablet Co., Columbus,

#### A DRUNKARD'S WILL.

I leave to society a ruined character and wretched example. I leave to my parents as much sorrow as they can in their feeble state bear. I leave to my brothers and sisters as much shame and mortification as I could bring on them. I leave to my wife a broken heart—a life of shame. I leave to each of my children poverty, ignorance, a low character and a remembrance that their father filled a drunkard's grave.

### CAPT. J. W. WALLER SUCCUMBS TO ILLNESS MONDAY NIGHT

Well Known Citizen Is Called By Death—Served With Distinction in Civil War—Other Deaths.

Capt. J. W. Waller passed away at his home, 329 East Superior avenue, Monday night at 9:15, aged 76 years. Although he had been in failing health for some time he was seriously ill but two weeks. The deceased is a native of Greenfield, Ill., and has been a resident of Jacksonville the past eighteen years. He served with honor through the Civil war, attaining the rank of captain. Capt. Waller is survived by his wife and two children, Mrs. Fred Grassly and John Waller, both of this city. He was a leading member of Brooklyn M. E. church and has always been known for his upright, christian life. Although the end was not unexpected it will come as a shock to those by whom he was beloved and respected.

A more extended obituary and funeral arrangements will appear later.

#### Banta.

Mr. and Mrs. C. S. Moore of Chicago arrived in the city Sunday to take charge of the remains of Mrs. Moore's sister, Miss Mary Banta, who died at Oak Lawn Sanitarium Saturday morning. The remains were taken to Matamoros, Woodford county, Monday evening via the Chicago & Alton, by Mr. and Mrs. Moore. Funeral services will be held and interment made there today.

#### Barcroft.

Funeral services for Ralph Barcroft were held Sunday afternoon at 1 o'clock at the late residence, 606 South Clay avenue, in the presence of a large number of relatives and friends. The services were in charge of Rev. J. W. Miller, pastor of Grace M. E. church, assisted by Rev. W. I. Brown. Music was furnished by a quartet composed of George Richardson, John Lazenby, Joseph Wilson and W. W. Gillham and the many beautiful flowers were cared for by Miss Jennie Grassly, Miss Edith Johnson, Miss Bessie Simpson and Mrs. W. J. Brooks.

Interment was made in Liberty cemetery and the bearers were W. H. Anderson, W. S. Badger, Dr. L. H. Clappitt, A. B. Opperman, Harry Brooks and David Slater.

#### Elmore.

Funeral services for Marian Russell Elmore, aged 4 months, who died Sunday morning at 4:40 o'clock at the residence of her parents, Mr. and Mrs. Edward Elmore, 1237 S. East street, were held at the late residence Sunday afternoon at 2 o'clock in charge of Rev. J. W. Miller. Music was furnished by Miss Anna Deters and Rev. Mr. Miller. Interment was made in the Lewis cemetery, southwest of the city.

#### Pollins.

Mrs. William Lucas received word Monday evening announcing the

death of her grandfather, Rolley Edward Pollins, who passed away at Proctor hospital in Peoria Monday afternoon at 4 o'clock. Mr. Pollins had been in failing health for the past two years but his condition was not considered serious until a few days ago. He came to Jacksonville and spent a week with his granddaughter, returning to his home about a week ago.

Mr. Pollins was born in Ohio, August 3, 1846, and was married to Martha Ann Edna in Morrison, Ill., about 46 years ago. They resided for a time in Peoria and then came to Jacksonville, where they remained for a number of years. From this city they moved to Bloomington thirty years ago, from there to Chicago and then to Peoria, where he has since resided. Mr. Pollins is survived by one son, William E. Pollins of Peoria, and three grandchildren—Mrs. William Lucas of this city, Mrs. R. F. Kuhlman of St. Louis and William Flora of Peoria. He was preceded in death by his wife, who passed away January 24, 1911, and three daughters, Mrs. Mollie Conkey, Mrs. Minnie Flora and Miss Effie Pollins. Mr. Pollins was a painter by occupation and was considered an expert in his chosen line of work. He was a man well liked and had quite a number of friends among the older residents of the city. Funeral services will be held in Peoria probably Thursday.

#### Quinlan.

Mrs. J. H. Danskin received word of the death of her cousin, John Quinlan, who passed away at 4 o'clock Monday morning at his home in Springfield. He suffered a paralytic stroke a week ago. He was 56 years of age. He leaves a widow and two children, Elsie Jean and John Vincent.

#### THE LAST BREATH

Self defense is the first law of nature. Instinctively one will, when threatened with death in any form strive for existence with all the desperation of a drowning man to the very last. The same may be said of an organization of men who feel that for the last time they are fighting for the thing or things which they advocate.

We have in our midst in Jacksonville a serpent in the garb of civilization which is gasping out its last breath. It knows only too well that its fate depends on the voters of this city who ere the sun goes down this day will have decided right or wrong this great question of the licensed public bar. It is only necessary to glance at its statements in our daily papers and to note the fact and it is to be hoped that by this time the deceptive tactics of the saloon element are too well known to be taken for more than they are worth.

Those who commit theft and murder are punished according to the degree of law violation. Insanity is taken care of by institutions set aside by our government for that purpose. And on down the line every social menace has its check in some prohibitory statute of law. The saloon alone is left to do as it pleases as far as our government is concerned. The result is a marked evidence of the advancing stride of civilization. The people in their might have risen to strike the thing in their midst through the medium of local option. And why should they not rise to strike this evil that left unchecked would continue to curse their manhood and city down through the years.

The saloon after a long term of suppression is trying desperately hard to wend its insidious way into our midst again. But in vain it will try. By Wednesday morning we will show to the state, to the nation, to the world that the licensed saloon has breathed its last breath in the city of Jacksonville. And I for one will be delighted to do my small part ringing down the curtain on a drama that I hope and pray will never have to be reenacted in the precinct of Jacksonville as long as time lasts.

F. D. Woodward.

#### JUSTICE COURTS.

The case against Durrell Hatfield, Illinois college student who was arrested early Sunday morning as leader of the "night shirt" parade of college boys, was dismissed Monday in Squire Dyer's court. The police department has however given notice that such parades will not be permitted in the future without a permit has been secured therefor. The matter is covered by section 24 of the new traffic ordinance.

### NEW ENCAMPMENT PLANS WERE LAID LAST NIGHT

Institutions Will Probably Be Held Sometime in December—Charter Will Be Secured at Once.

A meeting for the organization of a new Encampment of Odd Fellows, was held in the Odd Fellows' temple last night, which was well attended by those interested in Odd Fellowship. J. Marshall Miller acted as chairman of the meeting and F. E. McDougall as secretary. Communications were read from Sam Baker, grand scribe and Norman Waitrip, grand senior warden, in regards to the steps to be taken for the organization of the encampment. Remarks were made by a number of those present, which were most enthusiastic for the new organization and it was decided to institute the same early in December. It is expected to have at that time some of the grand officers present. A new charter will be sent for today. An executive committee composed of T. S. Martin, F. E. McDougall, John Minter was appointed to make arrangements for the institution of the encampment and the next meeting will be subject to their call. The membership committee is composed of Arthur Cobb and J. Clark Rothwell.

#### MET WITH BAD ACCIDENT.

During the parade of Illinois college students Saturday night in celebration of the football victory, Morrison Worthington had the misfortune to step on the cover of a water meter box near the sidewalk on West College avenue, which gave way under him. In the fall, the joint on the large toe of his right foot was sprained and one of the bones broken. The foot was set in a plaster cast and Mr. Worthington will be obliged to use crutches for several weeks.

## Practical Overcoats

There was a time when overcoats were either style garments or storm garments. Not so now.

The present vogue for heavy materials, such as Chinchillas, Shetlands, etc., the shawl or convertible collars, and the three-quarter or ulsterette length, so combine comfort with style as to make the most fashionable service garments. We emphasize this in the large variety of Overcoats we are showing now.

This is the logical store to buy your Overcoat, where style and price are equally as pleasing. Prices range from \$7.50 to \$30.00.

### HATS

Velour hats are the big thing in the cities and green the color. We show every variety of style and shade, brown, black, verde and green. \$5.00 to \$8.50—Others hats \$1 to \$5.
